Re: Testimonial for Ashworth Consulting Ltd

To whom it may concern

Miles has recently worked on a website to promote my Ginger Beer Kit. The website looks fantastic and is quick to navigate around. Friends and customers have given me very positive feedback on it.

Miles was great to work with, he understood what I was looking for in my website and implemented it very quickly and professionally.

I wouldn't hesitate utilise his services again or to recommend Ashworth Consulting to others.

Yours sincerely
